PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM [Priorities Regulation 13, as Amended June 10, 1943]

SPECIAL SALES OF INDUSTRIAL MATERIALS

§ 944.34 Priorities Regulation 13—(a) Purpose. The purpose of this regulation is to provide uniform rules governing special sales of idle or excess industrial materials by persons who are not regularly engaged in the business of selling such materials, including distress and liquidation sales and sales by persons who, by reason of the effect of priority orders or for other reasons, cannot use such materials in the regular course of their business.

This regulation does not authorize receipt or use of any such materials by any person in violation of any inventory, quota or use restrictions imposed by any order or regulation.

This regulation applies only to special sales of industrial materials; other sales or transfers remain subject to the provisions of all applicable orders and regulations

- (b) Definitions. For the purposes of this regulation:
- (1) "Sale" of an item includes any public or private sale, auction sale, sale upon foreclosure of any lien or mortgage, or delivery of such item in exchange for

money or for any other property and the sale of any warehouse receipt, bill of lading or other document evidencing an interest in such item but does not include the pledge or mortgage or other creation of any lien upon such item or the transfer of possession of such item without any transfer of title.

(2) "Special sale" means any sale of any item by any person who does not regularly in the course of his business sell such item in the same form, including a sale by any auctioneer, receiver, trustee in bankruptcy, public official or other person acting in a fiduciary or representative capacity (except when made in the course of carrying on the business of an insolvent or bankrupt person or other person whose business is in the hands of such fiduciary or representatives), or any other sale made in the course of liquidating a business or the assets of a business.

(3) "Industrial material" means any commodity or unassembled part or product except the following, which are not included:

(i) Scrap;

(ii) Products which either are being rationed at the retail level by the Office of Price Administration or any other governmental agency, or are excluded from the effect of War Production Board orders and regulations because their distribution is being controlled by some other governmental agency, such as the Petroleum Administration for War in the case of certain petroleum products and the Department of Agriculture in the case of foods and fats and oils;

(iii) Medicines or other products for human or animal consumption;

(iv) Tools, machinery, assembled equipment or any other assembled product;

(v) Finished consumers' goods which are in the form in which they are used by ultimate consumers and which do not require, in order to be used, to be further processed or made part of a building, structure or assembly, or affixed to a building, structure or assembly.

(4) "Restricted industrial material" means any industrial material consisting in whole or substantial part of one or more materials listed on Schedule A attached.

(6) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(6) Any reference to any order, regulation or other action of the War Production Board includes any action heretofore taken by the Director General for Operations or the Director of Industry Operations of the War Production Board or the Director of Priorities of the Office of Production Management.

(c) Permitted special sales. Subject to paragraph (f) (2) of this regulation, the following special sales are permitted:

(1) To enable the War Production Board to keep their inventory records current and make their listings of excess inventories more useful to industry a special sale of any steel or iron which has been reported as idle or excess inventory to the War Production Board, care of Steel Recovery Corporation, Pittsburgh, Pa., may be made only if the seller receives specific written authorization to make the sale to a specified purchaser. An application for such authorization may be made by the seller, or by the prospective buyer in his behalf, to the regional office of the War Production Board for the region in which the item is located, or to the War Production Board, in care of Steel Recovery Corporation. The application shall specify the names of the buyer and seller, the lot number on the seller's recovery program report form, a description of the item involved, including weight, size, analysis, finish and form and any preference rating or CMP allotment number and symbol which will be applied to the purchase. Application may be made by letter, telegram or telephone.

(2) A special sale of any new or used restricted industrial material (other than such steel and iron as is subject to subparagraph (1)) may be made if the sale falls within one of the following categories and no such special sale of any restricted industrial material may be made unless it falls within one of the following categories:

(1) A sale to any of the following governmental agencies or to any person buying as agent for any such agency: Commodity Credit Corporation, Defense Supplles Corporation, Metals Reserve Company, Rubber Reserve Company and any other corporation (other than Defense Plant Corporation) organized under section 5 (d) of the Reconstruction Finance Corporation Act as amended; or

(ii) A sale pursuant to a specific authorization of the War Production Board naming the seller and identifying the particular sale to be made; or

(iii) A sale of a single lot of restricted industrial materials of the same class and composition (other than materials listed in Schedule B attached) if the total value of the seller's holdings of those materials is less than \$100. This exception does not permit the dividing of a single lot having a value of over \$100 into smaller lots and selling such smaller lots for less than \$100 under this subparagraph.

(iv) A sale of any "controlled material" as defined in CMP Regulation 1, to fill an order endorsed with a CMP allotment number or symbol and bearing either the following certification or any standard optional certification prescribed in CMP Regulation 7:

The undersigned certifies that he is entitled under CMP regulations to place an authorized

controlled material order for the above material.

(v) A sale to any person falling within a class indicated on Schedule A attached as being a class to whom the particular restricted industrial material may be sold: Provided, That when any alloy, compound, mixture, or product is not listed as such on Schedule A and contains a significant amount of more than one material, the sale shall be made only to a person to whom all such contained materials may be sold. A sale of a plated item shall be governed by the basic material, disregarding the plating.

(3) In addition to the provisions of paragraph (c) (2) above, any person may make a special sale of any restricted industrial material (other than such steel or iron as is subject to subparagraph (1)) to another person engaged in the same type of business as the seller if an order or other action of the War Production Board applicable generally to persons engaged in such business expressly permits such a sale.

(4) A special sale of any new or used industrial material which is not a restricted industrial material may be made to any person without restriction.

Note: Paragraph (4) formerly paragraph (1).

- (d) Intra-company transfers. Any person may transfer, otherwise than by sale, any industrial material to another department, branch, division or section of his business or to a wholly owned subsidiary or affiliate or to another person under common ownership or control, provided such transfer would have been a special sale permitted under this regulation had the transfer been made for money or other consideration.
- (e) Replacement of material sold. No person making a special sale of industrial material may use, apply, or extend for the purpose of replacing the material sold, any preference rating, allocation, or allotment symbol or number used in connection with such sale. An order bearing an allotment number or symbol placed with the seller in connection with a special sale shall not constitute an allotment of controlled material to the seller.
- (f) Effect on other orders and regulations. (1) Any sale which is not a special sale, and any transfer or disposition of anything other than industrial materials, shall remain subject to the provisions of all applicable orders and regulations.
- (2) The provisions of this regulation shall control all special sales of industrial materials although inconsistent with any order or regulation of the War Production Board heretofore or hereafter issued unless such order or regulation expressly provides to the contrary and refers to this regulation. In the case of any special sale of industrial materials made

under the terms of this regulation, delivery of the material sold may be accepted by the buyer, despite any provision of any order or regulation which would otherwise forbid such acceptance except that:

(i) Nothing in this regulation shall affect any provision contained in any order or regulation of the War Production Board which imposes any quota or other limitation on the amount any buyer may purchase, receive or produce, or which imposes any limitations on the amount of inventory of any person or any restrictions upon the use of any material; and

terial; and
(ii) This regulation shall not affect any provision of any applicable order or regulation of the War Production Board requiring a buyer to make any reports or to furnish any information in connection with a purchase; and

(iii) No seller shall make any special sale if he knows or has reason to believe that the purchase or acceptance of delivery by the buyer would violate any inventory or quota restrictions imposed on the buyer by any order or regulation or that the buyer is acquiring the material for a use which would be in violation of any order or regulation.

(g) Records and reports. (1) Any person making a special sale of any copper or copper base alloy which he has reported as idle or excess material to the War Production Board, care of Copper Recovery Corporation, New York, N. Y., shall promptly send to Copper Recovery Corporation a copy of the invoice of sale or other notice of the sale.

(2) Any person making any special sale of industrial materials must maintain at his regular place of business all documents, including purchase orders and preference rating orders and certificates, upon which he relies as entitling him to make such sale. Such records shall be kept segregated and available for inspection by representatives of the War Production Board, or filed in such manner that they can be readily segregated and made available for such inspection.

(h) Listing of inventories. Any person eligible to make a special sale, may list his idle, excess or frozen inventories of industrial materials with his regional office of the War Production Board, which office will assist him to dispose of them.

(i) Communications. All communications concerning this regulation shall be addressed to the War Production Board, Redistribution Division, Washington, D. C., Ref.: P. R. 13 or to a district or regional office of the War Production Board, attention Redistribution Manager.

Note: Paragraphs (e), (f), (g) and (h) redesignated (f), (g), (h) and (i), June 10,

(j) The reporting requirements in this regulation have been approved by the

Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 10th day of June, 1943.

WAR PRODUCTION BOARD,

By J. JOSEPH WHELAN,

Recording Secretary.

SCHEDULE A

Note: Schedule A amended June 10, 1943.

Explanatory note: This schedule relates only to special sales made under paragraph (c) (2) (v) of this regulation. Any purchaser of material through a special sale must comply with all inventory, quota, use restrictions, reports and use certificates imposed or required by other orders and regulations.

When an alloyed material, or a physically or chemically compounded material, is shown in this table, the conditions that govern the special sale of the alloyed or compounded material are those shown for the alloy or compound and not those shown for the constituent elements or parts. For example, the conditions under which solder may be sold are those shown for the restricted industrial material "Solder" and not those shown for "Tin" or "Lead" or "Antimony". When any alloy, compound, mixture, or product is not listed as such on Schedule A and contains a significant amount of more than one restricted industrial material, the sale shall be made only to a person to whom all such contained restricted industrial materials may be sold. Plated items are governed by the basic material, disregarding the plating.

plating.

The word "No" appearing in any column in this schedule means that a holder may not sell the particular restricted industrial material to any person in the class to which that column applies unless the sale is otherwise permitted by this regulation. Specific authorization to make a sale not permitted by the provisions of this schedule, nor otherwise permitted under the regulation may be requested on Form PD-470 or by letter giving full details.

The letters "PR" mean Preference Rating, and wherever they appear in any column, mean that the holder may sell the particular restricted industrial material to any person in the class to which that column applies, but only provided that such person places with the holder an order for the material bearing a duly applied or extended preference rating equal to or higher than the rating shown immediately after the letters "PR". For example, "PR AA-5", which appears opposite the restricted industrial materials, "All other carbon and alloy steels" in the column headed "Users permitted to buy and use under existing WPB Orders" means that the holder may sell to any user who places an order for an unassembled product containing carbon or alloy steel (other than products specifically listed, such as rails) if that order bears a duly applied or extended

preference rating of AA-5 or higher.

The letters "W. O. P." mean "Without Preference Rating, Allocation, or other Authorization" and wherever they appear in any column mean that the holder may sell the particular restricted industrial material to any person in the class to which that column applies without any preference rating, allocation, or other authorization.

The letter "X" means "Not applicable". Wherever an asterisk (*) appears, refer to the note in the "Remarks" column.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM [Priorities Regulation 19, as Amended June 8, 1943 1]

FARM SUPPLIES

§ 944.40 Priorities Regulation No. 19—(a) What this regulation does. This regulation tells how a farmer gets a priority to buy farm supplies from a dealer and how a dealer gets a priority to maintain his stock of farm supplies. The kinds of farm supplies which are covered by this regulation are only those listed in paragraph (j) of this regulation.

(b) How a farmer gets farm supplies from his dealer. Whenever a farmer orders farm supplies on the list from a dealer who has them in stock, the dealer must fill the order if the farmer gives him a signed certificate as follows:

I certify to the War Production Board that I am a farmer and that the supplies covered by this order are needed now and will be used for the operation of a farm.

The dealer may sell the supplies to the farmer without a certificate, but the dealer must get a certificate at the time he sells if he wants to use it to get a priority for replacing the supplies in his inventory, as explained in paragraph (d) helow.

(c) Farmers' certificates must be approved by rationing committees in the case of large purchases. It a farmer wants to use a certificate to buy more than \$25 worth at one time of any item on the list, he must first get his certificate approved in writing by the County Farm Rationing Committee.

(d) How the dealer gets his stock of farm supplies. (1) A dealer can use the farmers' certificates which he has received to get priority on his own orders for listed farm supplies. For each dollar's worth of supplies sold against certificates at retail prices, the dealer can get a priority on 75 cents' worth of replacement supplies ordered by him at wholesale prices. He does not have to use the certificates to get the same kind of supplies as those he has sold, but can use them to get any kind of farm supplies on the list, except the special items mentioned in paragraph (e) below.

(2) To get the priority, the dealer signs the following statement on the purchase order which he places with his supplier:

I certify, subject to criminal penalties for misrepresentation, that the dollar amount of this order is not more than 75% of the sales price of farm supplies which I have sold under Priorities Regulation No. 19 against farmers' certificates now in my possession, and that I have not used the same certificates as the basis for getting a priority on any other order.

(3) Each dealer must keep for at least two years all farmers' certificates which he receives, and whenever he uses a certificate as a basis for a priority he must mark the certificate to show which of his own orders he has used it for.

(4) Up to July 1, 1943, a dealer who expects to receive farmers' certificates but has not yet received enough of them to place an order with his supplier, may get priority on farm supplies on the list in an amount which will bring his inventory up to a normal one month's supply by signing the following written statement on his purchase order to his supplier:

I certify, subject to criminal penalties for misrepresentation, that I expect to sell the goods covered by this order as farm supplies under Priorities Regulation No. 19. The receipt of these goods, together with others on hand or on order, will not give me more than a one month's supply.

(5) Orders placed by dealers bearing either of the above certifications are rated AA-5, and the suppliers with whom they are placed must fill them accordingly.

(e) Dealers use different methods in getting certain items. (1) A dealer cannot use farmers' certificates as a basis for getting the following steel mill or wire mill products: bale ties, cable, corrugated roofing, fencing, nails, netting, pipe, poultry flooring, staples and wire; and he cannot use certificates received for these items as a basis for getting any other farm supplies on the list. He will get his supply of these items under other War Production Board regulations or or-

BX or non-metallic sheath cable up to 75 1t.

ders, which his supplier should explain to him. Since a certificate for one of these items cannot be used by the dealer to replace his stock, he should not ask the farmer to sign a certificate for them unless he is not willing to sell because he thinks the farmer's order calls for too large a part of his stock. In that case, he can refuse to sell unless the farmer gives him a certificate and, if the sale covers more than \$25 worth of one of these items, the farmer must get the certificate approved as explained in paragraph (c)

(2) The War Production Board may issue orders or regulations making priorities inapplicable to certain items. If any items on the list become subject to these special rules, the dealer's supplier cannot recognize the dealer's certificate as giving him a priority on them. Farmers' certificates can still be used to buy such items from the dealer and the dealer can use the certificates as a basis for a priority for buying other items on the list under paragraph (d) above.

(f) Penalty for violations. Any farmer or dealer who makes a false statement in a certificate to get a priority on farm supplies is guilty of a crime and may be punished by a fine or imprisonment.

- (g) What is meant by "farmer". As used in this regulation, "farmer" means a person who engages in farming as a business, by raising crops, livestock, bees or poultry. It also includes a custom operator who uses farm supplies in performing services for farmers. It does not include a person who just has a "victory garden" or raises food or other agricultural products entirely for his own use.
- (h) What is meant by "dealer". "Dealer" means any person engaged in the business of selling farm supplies directly to farmers, including a mail order house.
- (i) Effective date. This regulation becomes effective June 7, 1943. It does not apply to purchases and sales made before that date.
- (j) What farm supplies are covered. This regulation covers only the following farm supplies and does not include second hand items:

(3) "Manufacturer" means any person

producing general industrial equipment.

(4) "Distributor" means any person in the business of distributing general industrial equipment.

(5) "Order" means any commitment or other arrangement for the delivery of general industrial equipment, whether by purchase, lease, rental, or otherwise.

General industrial equipment shall be considered to be delivered, within the meaning of this order, prior to May 26, 1942, when the machinery or equipment has been placed in the hands of a common or contract carrier for shipment to the purchaser prior to May 26, 1942. (Issued June 13, 1942.)

INTERPRETATION 2

Paragraph (a) (2) defines "general industrial equipment" to mean new equipment of the kinds listed, from time to time, in List A to the order. Such equipment is deemed to be new when it has not been delivered to any person acquiring it for use. Paragraph (b) imposes restrictions on the acceptance of orders for, and commencement of production and deliveries of, general industrial equipment.

Paragraph (c) provides an exemption from the restrictions of paragraph (b) for any order or delivery of maintenance and repair parts in an amount not exceeding \$1,000 for any single piece of general industrial equipment to be repaired or maintained; or in any

amount for the repair of general industrial equipment when there is an actual breakdown or suspension of operations of such piece of equipment. The exemption pro-vided in paragraph (c) is intended for such repair or maintenance parts to be used to repair or maintain any existing equipment, i, e., equipment which has been delivered for use to a user and requires repair or main-tenance. The exemption is not intended to apply to spare parts for new equipment nor is it limited to the repair or maintenance of equipment delivered after the date of the order. (Issued December 14, 1942.)

Chapter XI-Office of Price Administration

PART 1315-RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COM-PONENT

[MPR 149,1 Amdt. 10]

MECHANICAL RUBBER GOODS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 149 is amended in the following respects:

1. Section 1315.30a is added to read as

§ 1315.30a Adjustments-(a) Application by a manufacturer—(1) Who may receive an adjustment. The manufacturer's maximum price for mechanical rubber goods established by this regulation may be adjusted only in the case of an essential producer of an essential mechanical rubber good. An "essential mechanical rubber good" is one which contributes to the effective prosecution of the war. An "essential producer" is one whose output of mechanical rubber goods cannot be reasonably expected to replaced at prices lower than the proposed adjusted maximum price. In addition, any person who has entered into or proposes to enter into a war contract (as defined in subparagraph (5)) or a subcontract thereunder, is an essential producer of mechanical rubber goods.

(2) When adjustment may be granted—(i) In general. The Office of Price Administration, any regional office, or such other offices as may be authorized by order issued by the appropriate regional office, may adjust the maximum price in the case of an essential producer of an essential mechanical rubber good upon the basis of information submitted by the manufacturer or of other information. It may make that adjustment whenever it finds that the maximum price of a commodity is at such a level that, taking into account the costs thereof, the profits position of the manufacturer and the nature of his business, production of the commodity is impeded or

^{*}Copies may be obtained from the Office of

Price Administration.

27 F.R. 3889, 7173, 8899, 8942, 10103, 10143, 10993; 8 F.R. 1312, 4130, 3942.

threatened and that the adjustment would not cause an increase in the cost of living.

(ii) Factors which may be considered. (a) The following factors are relevant to consideration of whether production of the commodity is impeded or threatened:

(1) Whether, and by what amount, the maximum price is below or above (i) the current manufacturing costs plus freight out, installation charges cash discounts and sales and service commissions paid to independent dealers, and (ii) the current total unit costs, of the commodity.

(2) Whether, and by what amount, the manufacturer's current over-all profits, before income and excess profit taxes, are greater or less than his average overall profits during the normal base period, increased by 7% of the additional capital investment contributed entirely by the manufacturer, or its stockholders, since the normal base period. Capital investment will be construed as includ-

ing accumulated profits.

(3) Whether the proposed price is higher than the price prevailing in the industry.

(4) Whether the manufacturer's sales of the commodity represent only a very small part of his total sales.

(5) Whether the manufacturer previously sold the commodity at a price which is below its total unit costs.

(b) The following factors are relevant to consideration of whether the adjustment would cause an increase in the cost of living:

(1) Whether the mechanical rubber good or a commodity in the production of which it is used is of a type sold to civilian consumers other than industrial consumers.

(2) If such is the case, whether the increase in price allowed by adjustment would be absorbed prior to sale to a non-

industrial consumer.

(3) Whether, if the applicant did not produce the mechanical rubber good, his output would be replaced by the same or a substitute commodity at prices equal to or higher than the proposed adjusted

maximum price. (3) How the manufacturer proceeds in applying for an adjustment—(i) In general. An application for adjustment under this paragraph (a) shall be filed in accordance with Revised Procedural Regulation No. 1 and shall be made on Form OPA 696-167a set out in Appendix E, incorporated as § 1315.38 of this regulation. Copies of this amendment which contains this form and the instructions for completing it may be obtained from any district, State or regional office of the Office of Price Administration. If the manufacturer's total sales in the calendar year 1942, or in the fiscal year ending in 1942, exceeded \$500,000, the application shall be filed with the Office of Price Administration in Washington, D. C. If the manufacturer's total sales during that period did not exceed \$500,000, the application shall be filed with the regional office of the Office of Price Administration located in the same

region that the manufacturer's business is located.

(ii) Application based on proposed wage or salary increase to be authorized by the National War Labor Board. A manufacturer who believes that the conditions for an adjustment set forth in this paragraph (a) would exist if the National War Labor Board should grant a pending application for wage or salary increase may file an application for adjustment under this paragraph. Applications for adjustment of maximum prices based on wage or salary increases requiring the approval of the National War Labor Board must also comply with Supplementary Order No. 28, which requires, among other things, that an application for adjustment in such case be filed within 15 days after an application for a wage or salary adjustment has been filed with the National War Labor Board. or, in a disputed wage proceeding, within 15 days after the employer receives notification that the National War Labor Board has taken jurisdiction of the dispute.

(4) Prices for deliveries made pending disposition of the application. A manufacturer who has filed an application under this paragraph (a) may contract or agree that deliveries made during the pendency of the application shall be at a specific price which is higher than the existing maximum price which the manufacturer wants to have adjusted. But no payment in excess of that existing maximum price may be received until the application is finally disposed of, and at that time the price received may not exceed the maximum price as determined by the Office of Price Administration.

A manufacturer who wishes to enter into such an arrangement must specifically state to the buyer the following:

(i) The maximum price for the commodity;

(ii) The fact that an appropriate application for an adjustment of that maximum price has been filed with the Office of Price Administration;

(iii) The fact that the specific price quoted by the manufacturer is subject to the approval of the Office of Price Administration.

(5) Definitions—(i) Normal base period. The term "normal base period" means the period 1936-1939. If the applicant shall demonstrate to the satisfaction of the Office of Price Administration either (a) that his entire industry was operating during the greater part of such period at an unusually depressed level or (b) that because of unusual conditions prevailing during that period. the manufacturer's plant was operating during that period at an unusually depressed level in comparison to other plants in the industry, and in addition that some other period prior to January 1, 1941, represents a proper "normal base period", such other period may be considered. The mere fact that the rate of production has increased since 1936-1939 will not be deemed evidence that production during that period was at an "un-usually depressed level". If the manufacturer was not in business prior to

January 1, 1941, he shall state that fact in his application.

(ii) Over-all profits. The term "over-all profits" means net profit resulting from the operation of all divisions of the manufacturer, before the creation of any reserves, except ordinary reserves for depreciation and bad debts, and before income and excess profit taxes. In the case of a subsidiary wholly owned by a parent corporation, the term "over-all profits" means the consolidated net profit before the creation of any reserves, except ordinary reserves for depreciation and bad debts, and before income and excess profit taxes.

(iii) Subcontract. The term "subcontract" means any purchase, order or agreement to perform all or any part of the work, or to make or furnish any commodity, required for the performance

of another contract or subcontract.
(iv) Total unit costs. The term "total unit costs" means the direct unit cost of labor, materials, and subcontracted services, plus a proportion of factory overhead, administrative and other expenses. based on actual operating experience. properly allocable to the production of the commodity, but does not include provisions for income or excess profit taxes. In evaluating total unit costs, the Office of Price Administration will determine whether the allocation of factory overhead, administrative and other expenses is based on a representative period of continuous, normal production.

(v) War contract. The term "war contract" means any contract with the United States, or any agency thereof, or with the government, or any agency thereof, of any country whose defense the President deems vital to the defense of the United States, under the terms of the Lend-Lease Act, for the sale of mechanical rubber goods purchased (a) for the ultimate use of the armed forces of the United States or for lend-lease purposes, or (b) by any government (or agency thereof) of any country whose defense the President deems vital to the defense of the United States under the terms of the Lend-Lease Act, or (c) for use in the production or manufacture of any commodity described in (a) or (b).

(b) Application by a manufacturer based upon an appropriate decrease of other prices—(1) Who may receive an adjustment under this paragraph. Adjustments under this paragraph will be granted only in the case of an essential producer of an essential mechanical rubber good. The meaning of these terms is explained in paragraph (a) (1) of this section.

(2) When adjustment may be granted. The Office of Price Administration, any regional office, or such other offices as may be authorized by order issued by the appropriate regional office, may make an adjustment of the maximum price in any case in which the manufacturer agrees to make and (simultaneously with any increase in the maximum price that may be authorized under this paragraph (b)) makes a reduction in the selling price of other commodities which will equal or exceed the total dollar amount of the adjustment granted

under this paragraph.

(3) What an application under this paragraph must show. An application for price adjustment under this paragraph (b) shall contain information indicating that the manufacturer is an essential producer of an essential mechanical rubber good, and that if the proposed adjustment is granted, the gross dollar amount of sales of the commodities affected by the adjustment willnot be greater than it would have been in the absence of the adjustment. In any case where such an adjustment is granted, the Office of Price Administration will require appropriate reports relating to the commodities affected.

(4) How the manufacturer proceeds in applying for an adjustment. An application for adjustment under this paragraph (b) shall be filed in accordance with Revised Procedural Regulation No. If the manufacturer's total sales for the calendar year 1942, or for the fiscal year ending in 1942, exceeded \$500,000, the application shall be filed with the Office of Price Administration in Washington, D. C. If the manufacturer's total sales during that period did not exceed \$500,000, the application shall be filed with the regional office of the Office of Price Administration located in the same region that the applicant's business is located.

(c) Application by a manufacturer under a combination of both paragraphs (a) and (b). A manufacturer who desires to apply for an adjustment under paragraph (b) may, at the time he applies under that paragraph, also apply under paragraph (a), if the facts of his case entitle him to do so. In such case, the office considering his application will give the adjustment available under paragraph (a) before applying paragraph (b).

(d) No application for adjustment filed under Procedural Regulation No. 6 by a manufacturer after June 14, 1943, with respect to mechanical rubber goods will be granted.

(e) The maximum price for sales of mechanical rubber goods by persons, other than manufacturers, may be adjusted in an order issued under this section.

2. Section 1315.38 is added to read as follows:

In the In the judgment of the Price Administrator, the maximum prices established by this regulation are, and will be, generally fair and equitable, and will effectuate the purposes of said Act.

(2) That establishing for him a maximum price bearing a normal relation to the maximum prices established for competitive sellers of the same or similar commodities will not cause or threaten to cause an increase in retail prices.

On and after July 13, 1942, all petitions for adjustment under this paragraph (b) shall be filed in accordance with Revised Procedural Regulation No. 1: Provided. That no petition for adjustment filed under this paragraph (b) after November 15, 1942, will be granted.

(1) He has maintained prior to July 13, 1942 a cut length sales department separate from his manufacturing business, and

(2) That his maximum prices for sales of woven decorative fabrics by this department as determined in accordance with § 1400.163 subject the department to substantial hardship, may file a petition for the adjustment of his maximum prices for sales by such department. Such a petition shall be filed in accordance with Procedural Regulation No. 1 and shall contain, in addition to the evidence required above, a statement of the reasons why the petitioner believes that the granting of relief in his case will not defeat or impair the purposes of the Emergency Price Control Act of 1942 and of this Maximum Price Regulation No.

TEA BAGS AND PACKAGED TEA

A statement of the considerations involved in the issuance of this Amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Supplementary Regulation No. 14 is amended in the following respects:

- 1. The head-note of § 1499.73 (a) (88) is amended to read as follows:
- (88) Tea packers' maximum prices for tea bags and packaged tea changed to weights and sizes required by Food Distribution Order No. 18.
- 2. The head-note of § 1499.73 (a) (88) (i) is amended to read as follows:
- (i) For tea bags changed to 200 and 250 to the pound.
- 3. Sections 1499.73 (a) (88) (ii), (88) (iii), (88) (iv) are redesignated §§ 1499.73 (a) (83) (iii) (83) (iv) and (88) (v), respectively.
- 4. Section 1499.73 (a) (88) (ii) is added to read as follows:
- (ii) For tea bags changed to 200 to the pound in packages containing 8, 16, and 48 tea bags; one ounce tea bags in packages containing multiples of 16 tea bags and packaged tea in 4 ounce and 1% ounce packages. Tea packers who formerly packed tea in weights and sizes other than (1) tea bags 200 to the pound in packages containing 8, 16 and 48 tea bags, (2) one ounce tea bags in packages containing multiples of 16 tea bags or (3) packaged tea in 4 ounce or 1% ounce packages, and now change to such new weights or sizes shall determine their maximum prices for such new weights or sizes by calculating as follows:

(a) Tea bags. (1) Calculate the present (GMPR) maximum price per tea bag in old weight or size.

(2) Add to or subtract from the maximum price per tea bag in old weight or size result of (1) the differential for this new weight or size as shown in Table No. 1.

(3) For maximum price per case or other unit multiply maximum price per new size tea bag result of (2) by number of tea bags to be used in new size case or

Example

Old size pack: 30/10's, 250 tea bags to the pound. Maximum price \$2.55.

(3) For a maximum price per case or other unit multiply (result of 2) maximum price per dozen of the new size by number of dozen packages to be used in new case or unit.

Example

Old size pack: 36/1% oz. packages, maximum price, \$2.50.

New size pack: 36/1% oz. packages.

1. \$2.50÷3 (number of dozen in old size pack) =\$.83½ per doz.

- (c) Packaged tea—4 oz. size. (1) Calculate the present (GMPR) maximum price of the old size for one pound.
- (2) Subtract from maximum price per pound of old size packages (result of 1) the differential shown for the new size in Table No. 1.
- (3) For a maximum price per case or other unit multiply the maximum price per pound of the new size package (result of 2) by the number of pounds to be used in the new size case or unit.

Example

Old size pack: 24/3 oz. package, maximum price, \$3.70.

New size pack: 24/4 oz. packages.

1. 24 × 3 oz. = 72 oz. or 4½ pounds.

 $63.70 \div 4\frac{1}{2}$ pounds=\$.8222 per pound. 2. \$.8222 - \$.01 (the differential from Table 1) = 8.8122.

3. 24×4 oz. (the new size) = 96 oz. or 6 pounds.

\$.8122 × 6 pounds=\$4.87 maximum price per new pack.

calculating new maximum prices of the tea bags or tea packages as provided herein, all calculations shall be carried to the fifth decimal place of a dollar. Where the maximum price resulting from the calculations for the unit to be sold contains a fraction of one-half cent or more it shall be raised to the next higher cent. Where it results in a fraction of less than one-half cent, it shall be lowered to the next lower cent.

(e) If the maximum price for any size and weight of tea cannot be determined under this section, the tea packer's maximum prices for such weight and size shall be as specifically authorized by order of the Price Administrator after application. A packer who seeks such authorization shall file with the Office of Price Administration, Washington, D. C., an application for adjustment in the manner prescribed by the provisions of Revised Procedural Regulation No. 1, setting forth: (1) all his old sizes of the brand of packaged tea and tea bags and their maximum prices, (2) the new size.

- 6. Grades and marking.

¹8 F.R. 4423, 4922, 6214, 6428, 7189.

- 5. The following section and headnote are added to Article III of the Table of Contents:
- 23. Office of Price Administration List of Celling Prices for Variety Meats and Edible By-Preducts.
- 6., Sections 1 through 12, inclusive of Maximum Price Regulation No. 355, are amended to read as follows:

Secrion 1 What this regulation does. This regulation fixes dollar-and-cents ceiling prices on all retail sales of beef, veal, lamb and mutton cuts made on and after June 21, 1943, and on all retail sales of variety meats and edible byproducts made on and after June 21, 1943. The only retail beef, veal, lamb and mutton cuts which may be sold are those described in section 20 of this regulation. The United States is divided into zones. Different ceiling prices depand on the zone where your store is, its class, and the grade of meat you are selling. A store includes any place where beef, yeal, lamb and mutton cuts or yariety meats and edible by-products are sold at retail.

Sec. 2 Your ceiling prices. (a) You will find your ceiling prices for each grade of beef, veal, lamb and mutton cuts on your "OPA List of Ceiling Prices for Beef, Veal, Lamb and Mutton-Fresh, Frozen or Cured" (Article III, section 22) and for variety meats and edible byproducts on your "OPA List of Ceiling Prices for Variety Meats and Edible By-Products" (Article III, section 23). A copy of the list for each kind of meat, variety meat and edible by-product for your zone and class may be obtained from your local War Price and Rationing Board or from your district Office of Price Administration Office. If any store had a 1942 total sales volume of \$250,000 or more, and is one of a "chain store" group which had a combined total sales volume for all stores of \$40,080,080 or more during 1942, the ceiling prices for each grade of beaf, veal, lamb and mutton cuts applicable to such store shall be 10% lower, adjusted to the nearest cent, than the ceiling prices established herein for Class 3 and 4 stores.

(b) Your zone. You can find out from your local War Price and Rationing Board or your Office of Price Administration office what zone your store is in. After each list of prices in section 22. Article III, there is a description of the zone in which that list of prices applies. The zones are the same for variety meats and edible byproducts except that Zone 4-A, which is described at the end of section 28, Article III, is taken out of Zone 4 and made into a separate zone.

(c) Your class. Your store is in "Class 1 and 2" if it had a 1942 total sales volume of less than \$250,000 and if it is not a "chain store". Otherwise, it is in "Class 3 and 4".

(d) Chain stores. Your store is a "chain store" if it is one of a group of four or more stores owned by one person which had a combined total sales volume for all stores of \$590,000 or more during 1942. If you are in doubt whether your store is in "Class 1 and 2", consult the directions given in sections 13, 14 and 15.

^{*}Copies may be obtained from the Office of Price Administration.

(e) The appropriate regional office of the Office of Price Administration and such other offices as may be authorized by the appropriate regional office may, upon a finding by the Regional Administrator that any price or prices established in this regulation for zone 2, 3 or 5 will increase the level of prices prevailing in a specific area within the Region, issue an order designating such area, and suspending the effectiveness of any price or prices herein established.

Sec. 3 When the new ceiling prices take effect. (a) On June 21, 1943, the dollar-and-cents ceiling prices fixed by this regulation take the place of all previous ceiling prices fixed by the Office of Price Administration upon retail sales of beef, veal, lamb and mutton cuts. On and after June 21, 1943, you must not sell any cut other than described in this regulation and you must not sell such cut at a price higher than the ceiling price fixed for the grade by this regulation.

(b) On June 21, 1943, the dollar-and-cents ceiling prices fixed by this regulation take the place of all previous ceiling prices fixed by the Office of Price Administration upon retail sales of pork, beef, veal, lamb and mutton variety meats and edible by-products. On and after June 21, 1943, you must not sell any variety meat or edible by-product other than those for which dollar-and-cents prices are fixed by this regulation and which are clean, sound and free from foreign material, including blood clots, mucus, hair and wool.

SEC. 4 What beef, veal, lamb or mutton cuts or variety meats and edible by-products you may sell. On and after June 21, 1943, the only beef, veal, lamb and mutton items you may sell are (a) those cuts, fresh, frozen or cured, which are described and given dollar-and-cents ceiling prices under this regulation, (b) frankfurters, bologna, fresh or smoked sausage and dried beef which are given dollar-and-cents prices in Maximum Price Regulation No. 336 and (c) all other sausage and canned meat for which your ceiling prices are to remain as fixed under the General Maximum Price Regulation.

SEC. 5 Sales to eating places. Your ceiling prices for sales to hotels, restaurants, institutions, and other eating places selling or furnishing meals are the ceiling prices fixed by Revised Maximum Price Regulation No. 169 for beef and yeal, Revised Maximum Price Regulation No. 239, for lamb and mutton and by Maximum Price Regulation No. 398 for variety meats and edible by-products. Nevertheless, you may, during any month, use the ceiling prices fixed by this regulation in selling to eating places if 80% or more of your total sales of meat during the previous calendar month were retail sales to consumers, that is, to persons who buy the meat to be eaten by themselves or their families off your premises.

Sec. 6 Grades and marking—(a) (1) Beef, veal, lamb and mutton must be graded and marked. All carcasses and wholesale cuts of beef, veal, lamb and mutton, must be graded and must have a

mark showing the grade on them. The grades, and the mark for each grade, are these:

Beef, yeal and lamb	Grade mark	Grado mark, when graded by an official grader of the U. S. Department of Agriculture
Ohoice	AA B O D	U. S. choice or choice. U. S. good or good. U. S. commercial or commercial. U. S. utility or utility. U. S. cull or cull (lamb). U. S. canter or cutter (beef). U. S. canner or canner (beef). U. S. cull or cull (veal).
Good	's M R	U. S. choice or choice. U. S. good or good. U. S. commercial or commercial. U. S. utility or utility. U. S. cull or cull.

You may not have in your store refrigerator or cooler any meat which does not have the grade name or mark stamped on each wholesale cut.

(2) If you slaughter the animal yourself, you must have it graded and marked before you break the carcass. You must follow the rules for grading which are in Revised Maximum Price Regulation No. 169, § 1364.411, for beef and veal, and Revised Maximum Price Regulation No. 239, § 1364.167 for lamb and mutton. These rules may be obtained from your local Office of Price Administration office.

(3) You must leave the grade mark on retail cuts, and you must not put different grades of meat together in your showcase.

(b) Variety meats and edible by-products. You must not put either different types of variety meats or edible by-products, or variety meats or edible by-products coming from different kinds of animals together in your showcase.

Sec. 7 How you make retail cuts. Section 20 of this regulation describes the different cuts of beef, veal, lamb and mutton which you may sell, and how they are to be cut. If you buy a carcass, or side or quarter or combination cut of meat, you must first cut it into the standard OPA wholesale cuts described in section 23 before you make the retail cuts. If you buy live animals and have them slaughtered for you, you must first break the carcass into the standard wholesale cuts, and the person who slaughters for you must comply with the rules set for custom slaughterers by the wholesale beef and veal regulation. § 1364.401 (c).

Sec. 8 Post your ceiling prices. Not later than June 21, 1943, you must post at your store your "Official O. P. A. List of Retail Meat Prices". You may use an exact copy of the OPA List as long as the printing is just as legible and at least as large. Put it on or at the counter of the meat department in your store in one or more places where your customers can easily see and read it. You must have at least one of each list yosted for each 20 feet of meat counter space. You must get your official copies of the price lists for posting or copying

from your war price and rationing board or from your district OPA office. If you display any cut of beef, veal, lamb or mutton, or any variety meat or edible by-product, as in your show case, you must put on it your selling price for that cut. Each grade of meat and each type of variety meat or edible by-products which you have separated in your show case as required by section 6 must be designated by the appropriate official grade or type, so that your customers can see and read it.

SEC. 9 Records, sales slips, and receipts. After May 17, 1943, you shall keep the same kind of records you have customarily kept, showing the prices you charge for beef, veal, lamb and mutton cuts, variety meats and edible by-products. You shall show the records to any representative of the Office of Price Administration upon request. If you have customarily given a customer a sales slip, receipt or similar evidence of purchase, you shall continue to do so. Furthermore, regardless of your previous custom, you shall, upon request by any customer, give a receipt showing the date, your name and address, the name, weight and grade of each cut, variety meat item or edible by-product sold and the price you received for it.

Sec. 10 Licensing and registration. The licensing and registration provisions of sections 15 and 16 of the General Maximum Price Regulation shall apply to every person making sales subject to this regulation. Sections 15 and 16 provide, in brief, that a license is required of all persons selling at retail commodities for which maximum prices are established. A license is automatically granted. It is not necessary to apply for the license, but all sellers may later be required to register. The license may be suspended for violations in connection with the sale of any commodity for which maximum prices are established. No person whose license is suspended may sell any such commodity during the period of suspension.

Sec. 11 Indirect price increases. (a) The price limitations set forth in this regulation shall not be evaded directly or indirectly by you; and you shall not require the purchaser to buy at any price other food products as a condition of selling beef, veal, lamb or mutton cuts, or variety meats and edible byproducts.

(b) You must not charge or receive any consideration for or in connection with any service which has not been provided for in this regulation and for which a price has not been fixed.

Sec. 12 Prohibitions and penalties. On and after May 17, 1943, the date this regulation takes effect, if you sell or deliver any meat cut, variety meats or deliver any meat cut, variety meats or edible by-products, specified in this regulation at a price higher than your celling price for the grade or type, or if you otherwise violate any provision of this regulation, you are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended. Also, any person,

who in the course of trade or business, buys from you at a price higher than your ceiling price for the grade is subject to the criminal penalties and civil enforcement actions provided for by that Act.

7. Section 22 is amended to read as follows:

Sec. 22. (a) Retail ceiling prices for beef, real, lamb and mutton—fresh, cured and frozen—Zone 1.

FEDERAL TRADE COMMISSION.

[Docket No. 4971]

HOOD RUBBER COMPANY, INC. COMPLAINT AND NOTICE OF HEARING

Complaint

The Federal Trade Commission, having reason to believe that the party respondent named in the caption hereof, and hereinafter more particularly designated and described, since June 19, 1936, has violated and is now violating the provisions of subsection (a) of section 2 of the Clayton Act (U.S.C.A. Title 15, sec. 13), as amended by the Robinson-Patman Act approved June 19, 1936, herby issues its complaint against the said respondent, stating its charges as follows:

PARAGRAPH 1. Respondent Hood Rubber Company, Inc., is a wholly-owned subsidiary of the Goodrich Tire & Rubber Company, of Akron, Ohio, and is a Massachusetts corporation with its principal office and place of business located at Watertown, Mass.

Par. 2. Respondent is now, and has been since June 19, 1936, principally engaged in the manufacture and sale of rubber and canvas footwear which it sells to jobbers or wholesalers, national retail chain organizations, mail-order houses, and other retail customers, located in states other than the State of Massachusetts.

Respondent causes said rubber and canvas footwear, when sold, to be transported from the place of manufacture within said State of Massachusetts to the purchasers thereof located in states other than the State of Massachusetts, and there is and has been at all times herein mentioned a continuous current of trade and commerce in said products across state lines between respondent's factory or warehouses and the purchasers of such products. Said products are sold and distributed for use, consumption and resale within the various states of the United States and the District of Columbia.

Par. 3. In the course and conduct of its business as aforesaid respondent is now, and during the time herein mentioned has been, in substantial competition with other corporations engaged in the business of manufacturing and selling rubber and canvas footwear in commerce between and among the various

states of the United States and in the District of Columbia.

Respondent has annual dollar sales of rubber and canvas footwear of approximately \$16,500,000, sells approximately 8,250,000 units of rubber footwear and 6,250,000 units of canvas footwear annually, and is the second largest factor in the rubber and canvas footwear industry. Respondent in the maintenance of its national distribution of said products maintains 21 stocking points and 11 branch sales headquarters, located throughout the various states of the United States.

Many of respondent's retail customers are competitively engaged with each other and with the customers of the respondent's competitors in the resale of said products within the several trade areas in which the respondent's said customers, respectively, offer for sale and sell the said products purchased from respondent.

Respondent's first grade rubber and canvas footwear is made up of its nationally advertised Hood and Goodrich brands, its unadvertised Shawmut brand, and private brands or special specification products privately branded or carrying no brand. Respondent's nationally advertised brands are sold principally to small retailers, although its Hood brand is sold by its branches to department stores and small local chains designated as "House Accounts". Moreover, some Hood brand canvas footwear is sold to large chains and mail-order houses designated as "National Accounts", but no Hood brand rubber footwear is so sold to such accounts. Respondent's Shawmut brand and private brand or special specification products are sold exclusively to large retail chains and mailorder houses. All of said first grade rubber and canvas rubber footwear of respondent, regardless of the various brand names as above described, are of like grade and quality. Large retailers and small local chain customers of respondent designated by it as "House Accounts" and mail-order houses and large chain customers designated by it as "National Accounts" which purchase rubber and canvas footwear of respondent, under The Shawmut brand or private brands or no brands, resell such products in many parts of the United States in competition with other retail customers of respondent selling respondent's regular advertised brands. Such private brands or special specification products are of like grade and quality to respondent's nationally advertised brands, Hood and Goodrich, sold by respondent's small retail customers in competition with said private brands or special specification products.

Respondent's second grade rubber and canvas footwear is sold by it to the same classes of retailers as are its first grade products, and under various brand names. Such second grade rubber and canvas footwear, regardless of the brand name under which same is sold, and regardless of the class or type of retailer to whom such products are sold, is of like grade and quality, and the various

classes of respondent's customer-purchasers resell said products in competition with each other in many parts of the United States.

PAR. 4. Respondent in the course and conduct of its business, as hereinbefore set forth, has been since June 19, 1935, and is now, discriminating in price between different purchasers of its rubber and canvas footwear of like grade and quality by selling said products to some of its customers at higher prices than it sells such products of like grade and quality to other of its customers who are competitively engaged one with the other in the resale of said products within the United States.

PAR. 5. The discriminations in price referred to in Paragraph Four hereof have been effectuated through the use by respondent in its pricing plan of a schedule of discounts from list prices, described in general terms as follows:

Discounts allowed by respondent on sales of its advertised Goodrich and Hood brands of both canvas and rubber footwear to small retailers are:

	Branch cales & ship- menfs	shipp	ory ed by r sales
		Steek	Make- np
On cincle chipments of: (1) Less than 144 pairs. (2) 145-479 pairs. (3) 459 pairs or more.	Percent Nona 3 3	Percent Nota 3 3	Percent None 3 8

Thus, a differential of 3% is allowed on single shipments in excess of 144 pairs, packed in standard case lots, and an extra 5% differential for make-up orders if shipped in lots of 480 pairs or more. "Make-up" orders are those placed far enough in advance to allow for orderly manufacture and shipment from factory to customers.

To the extent that respondent's advertised brands of rubber and canvas footwear are sold by its branches to department stores and small local chains designated as "House Accounts" and to large chains and mail-order houses designated as "National Accounts" the discounts received by said accounts on such advertised brands are—

	Branch cales and chip- ments	Bra sal ship by fa	nch led red ctory	Fze sales shipr	tory and rents

Discounts allowed by respondent to its "House" and "National Accounts" on its unadvertised Shawmut brand or rubber and canvas footwear of like grade and quality to its advertised brands aforesaid, and which the small retailers are not accorded the privilege of purchasing, are:

•	Branch sales and ship-	Branch sales shipped by factory		I	factory sales and shipments

On single shipments of: (1) Less than 144 pairs. (2) 147-479 pairs. (3) 480 pairs or more.	Percent 10 13 13	Percent 10 13 13	Percent. 10 13 18	Percent 10 13 13	10 percent. 13 percent. 18 percent on canvas. 18 and 5 percent on rubber.

1 (Maximum to "House" accounts is 18 percent; the extra 5 percent is allowed only to "National" accounts.)

The Shawmut brand of footwear is sold by respondent subject to the above described discounts under either that brand name or under the private brand of the purchaser or under no brand and is of like grade and quality to its first grade advertised brands, Goodrich and

Discounts allowed by respondent to small retailers on sale of its second grade rubber and canvas footwear are the same as allowed on its first grade advertised products above set out. However, on second grade footwear, the large retailers designated as "House" and "National" Accounts are accorded larger discounts, varying somewhat from those allowed them on first grade footwear, and are as follows:

---------------------	---	-------------	-----------------	-------------	-----------------

The discounts from list prices above described in general terms are more fully set forth in respondent's Sales Policies for the year 1937 which were published and circulated by respondent to its retail trade under the following titles:

1937 Waterproof Sales Policy (Revised)

Hood and Goodrich; 1937 Waterproof Sales Policy Old Colony, Massachusetts and Stafford Brands; and 1937 Canvas Sales Policy.

The pricing policies of respondent, as above described in general terms, and as more particularly described in respondent's published Sales Policies above referred to, have been continued in force by respondent, with minor variations, to date and such discounts as therein more particularly described and/or as later modified, constitute the means by which respondent has discriminated in price as alleged in paragraph 4 hereof. The discounts above described do not include certain cash and early order discounts likewise allowed by respondent, but said trade discounts are in addition thereto.

PAR. 6. The effect of such discriminations in price as set forth in paragraphs 4 and 5 hereof has been or may be substantially to lessen competition in the line of commerce in which respondent and its competitors are engaged and may be to injure, destroy or prevent competition in the sale and distribution of rubber and canvas footwear between those of respondent's purchasers who receive the benefits of such discriminations and competing purchasers who do not receive the same benefits:

Par. 7. The foregoing alleged acts and practices of said respondent as set forth herein constitute violations of the provisions of section 2 (a) of the Clayton Act as amended by the Robinson-Patman Act, approved June 19, 1936 (U.S.C. Title 15, sec. 13).

Wherefore, the premises considered, the Federal Trade Commission, on this 28th day of May, A. D. 1943, issues its complaint against said respondent.

Notice

Notice is hereby given you. Hood Rubber Company, Inc., a corporation, respondent herein, that the 2nd day of July, A. D. 1943, at 2 o'clock in the afternoon is hereby fixed as the time, and the offices of the Federal Trade Commission in the City of Washington, D. C., as the place, when and where a hearing will be had on the charges set forth in this complaint, at which time and place you will have the right, under said Act, to appear and show cause why an order should not be entered by said Commission requiring you to cease and desist from the violations of the law charged in the complaint.

You are notified and required, on or before the twentieth day after service upon you of this complaint, to file with the Commission an answer to the complaint. If answer is filed and if your appearance at the place and on the date above stated be not required, due notice to that effect will be given you. The rules of Practice adopted by the Commission with respect to answers or failure to appear or answer (Rule IX) provide as follows:

In case of desire to contest the proceeding the respondent shall, within twenty (20) days from the service of the complaint, file with the Commission an

-answer to the complaint. Such answer shall contain a concise statement of the facts which constitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.

If respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true.

Contemporaneously with the filing of such answer the respondent may give notice in writing that he desires to be heard on the question as to whether the admitted facts constitute the violation of law charged in the complaint. Pursuant to such notice, the respondent may file a brief, directed solely to that question, in accordance with Rule XXIII.

In witness whereof, the Federal Trade Commission has caused this, its complaint, to be signed by its Secretary, and its official seal to be hereto affixed, at Washington, D. C., this 28th day of May, A. D. 1943.

By the Commission.

[Docket No. 4972]

UNITED STATES RUBBER COMPANY COMPLAINT AND NOTICE OF HEARING Complaint

The Federal Trade Commission, having reason to believe that the party respondent named in the caption hereof, and hereinafter more particularly designated and described, since June 19, 1936, has violated and is now violating the provisions of subsection (a) of section 2 of the Clayton Act (U.S.C.A. Title 15, sec. 13), as amended by the Robinson-Patman Act approved June 19, 1936, hereby issues its complaint against the said respondent, stating its charges as follows:

Paragraph 1. Respondent United States Rubber Company is a Delaware corporation with its principal office and place of business located at 1790 Broadway, New York City.

Par. 2. Respondent is now and has been for many years last past engaged in the manufacture, sale and distribution of numerous rubber products, including

rubber and canvas footwear. Respondent through its wholly owned subsidiary, United States Rubber Products, Inc., and since said subsidiary's dissolution on January 1, 1939, through its Rubber Footwear Division, is now and has been since June 19, 1936, engaged in the business of manufacturing, selling and distributing rubber and canvas footwear which it sells to jobbers or wholesalers, national retail chain organizations, mail-order houses and other retail customers. Respondent has annual dollar sales of rubber and canvas footwear of approximately \$20,000,000 and it is the largest single factor in the rubber and canvas footwear industry. Respondent has factories located at Naugatuck, Connecticut, and Mishawaka, Indiana, and maintains branches and warehouses functioning as sales agencies in 24 of the principal cities throughout the various states of the United States.

Respondent causes said rubber and canvas footwear, when sold, to be transported from the place of manufacture within said states of Connecticut and Indiana to the purchasers thereof located in states other than the states of Connecticut and Indiana, and there is and has been at all times herein mentioned a continuous current of trade and commerce in said products across state lines between respondent's factories or warehouses and the purchasers of such products. Said products are sold and distributed for use, consumption and resale within the various states of the United States and the District of Columbia.

Par. 3. In the course and conduct of its business as aforesaid, respondent is now and during the time herein mentioned has been, in substantial competition with other corporations engaged in the business of manufacturing and selling rubber and canvas footwear in commerce between and among the various states of the United States and in the District of Columbia.

Many of respondent's retail customers are competitively engaged with each other and with the customers of the respondent's competitors in the resale of said products within the several trade areas in which the respondent's said customers respectively offer for sale and sell the said products purchased from respondent.

Respondent's first grade rubber footwear is made up of six nationally advertised brands: "United States Rubber "United States Royal", Company", "Goodyear", "Goodyear Glove", and "Topnotch", all manufactured at its Naugatuck factory, its "Ball" brand, manufactured at its Mishawaka factory, and its unadvertised "Titan" and "American" brands and private brands or special specification products privately branded or carrying no brand, all manufactured in its Naugatuck factory. Respondent's nationally advertised brands are sold principally to small retailers, although some of said brands are sold by its branches to department stores and small local chains designated by it as large retailers. Respondent's "Titan" and "American" brands and private brands or special specification products are sold exclusively to large retail chains and mail-order houses. All of said first grade rubber footwear of respondent, regardless of the various brand names as above described, are of like grade and quality. Department stores and small local chain customers of respondent designated by it as large retailers and mailorder houses and large chain customers designated by it as National Accounts which purchase rubber footwear of respondent under the "Titan" or "American" brands or private brands or no brands resell such products in many parts of the United States in competition with other retail customers of respondent selling respondent's regular advertised brands. Such unadvertised brands or private brands or special specification products are of like grade and quality to respondent's nationally advertised brands above described, which latter products are sold by respondent's small retail customers in competition with said unadvertised brands or private brands or special specification products.

Respondent's second grade rubber footwear is made up of its "Dry Shod" and "Woonsocket" brands sold principally to small retailers and its "Acme" brand sold principally to large retailers or National Accounts. Such second grade rubber footwear regardless of the brand name under which same is sold and regardless of the class or type of retailer to whom such products are sold is of like grade and quality and the various classes of respondent's customer purchasers resell said products in competition with each other in many parts of the United States.

Respondent's first grade canvas foot-wear is made up of its "Kedettes" brand. 'United States Sport Shoes" brand, both of which are sold principally to small retailers, "Grips" and "Keds" brands sold both to small retailers and to department stores and small chain organizations designated by respondent as large retailers, and private brands or special specification products sold to large chain organizations and mail-order houses designated by respondent as National Accounts. Such first grade canvas footwear regardless of the brand name under which same is sold and regardless of the class or type of retailer to whom such products are sold, is of like grade and quality and the various classes of respondent's customer purchasers resell said products in competition with each other in various parts of the United States.

Respondent's second grade canvas footwear is made up of its "Sprinter's" brand sold principally to small retailers and to department stores and small chain organizations designated by it as large retailers, and its "Crusader" brand sold both to small and large retailers and to National Accounts. Such second grade canvas footwear regardless of the brand name under which same is sold and regardless of the class or type of retailer

1

to whom such products are sold, is of like grade and quality and the various classes of respondent's customer purchasers resell said product in competition with each other in various parts of the United States.

P.M. 4. Respondent in the course and conduct of its business as hereinbefore set forth has been since June 19, 1936, and now is, discriminating in price between different purchasers of its rubber and canvas footwear of like grade and quality to other of its customers who are competitively engaged one with the other in the resale of said products within the United States.

Par. 5. The discrimination in price referred to in Paragraph Four hereof have been effectuated through the use by respondent in its pricing plan of a schedule of discounts from list prices described in general terms as follows:

Discounts allowed small retailers by respondent on sales of its advertised brands of both first and second grade rubber and canvas footwear are:

	Branch calco and chip- ments	Branch calls chipped by factory

On chale chisments of: (i) Less then 144 pairs (i) 144-479 pairs (i) 469 pairs er more	Norm 370 375	None	None 375 875	

Thus a differential of 3% is allowed on single shipments in excess of 144 pairs packed in standard case lots and an extra 5% differential for make-up orders if shipped in lots of 480 pairs or more. "Make-up" orders are those placed far enough in advance to allow for orderly manufacture and shipment from factory to customer.

Discounts allowed department stores and local chain organizations designated as large retailers for the same advertised brands of first-grade rubber and canvas footwear are:

The discounts from list prices above described in general terms are more fully set forth in respondent's Sales Policies for the year 1937, which were published and circulated by respondent to its retail trade in various general letters under, among others, the following titles:

Water Proof Footwear—1937 Season; Rubber Footwear—1937 Season (Woonsocket Brand);

Rubber Footwear—1937 Season (Dry Shod Brand):

Revision—Keds Sales Policy; Revision—Grips Sales Policy;

Crusaders—Revised Prices Quantity Discount.

Respondent's discounts to its National Accounts, above described were not circulated in the form of published sales policies.

The pricing policies of respondent as above described in general terms and as more particularly described in respondent's published sales policies above referred to, have been continued in force by respondent with minor variations to date and such discounts as therein described and/or as later modified constitute the means by which respondent has been and now is discriminating in price as alleged in paragraph 4 hereof.

The discounts above described do not include certain cash and early order discounts likewise allowed by respondent but said discounts are in addition thereto.

PAR. 6. The effect of such discriminations in price as set forth in paragraphs 4 and 5 hereof has been or may be substantially to lessen competition in the line of commerce in which respondent and its competitors are engaged and may be to injure, destroy or prevent competition in the sale and distribution of rubber and canvas footwear between those of respondent's purchasers who receive the benefits of such discriminations and competing purchasers who do not receive the same benefits.

Par. 7. The foregoing alleged acts and practices of said respondent as set forth herein constitute violations of the pro-

visions of section 2 (a) of the Clayton Act as amended by the Robinson-Patman Act, approved June 19, 1936 (U.S. C. Title 15, sec. 13).

Wherefore, the premises considered, the Federal Trade Commission, on this 28th day of May, A. D., 1943, issues its complaint against said respondent.

Notice

Notice is hereby given you, United States Rubber Company, a corporation, respondent herein, that the 2nd day of July, A. D. 1943, at 2 o'clock in the afternoon, is hereby fixed as the time, and the offices of the Federal Trade Commission in the City of Washington, D. C., as the place, when and where a hearing will be had on the charges set forth in this complaint, at which time and place you will have the right, under said Act, to appear and show cause why an order should not be entered by said Commission requiring you to cease and desist from the violations of the law charged in the complaint.

If answer is filed and if your appearance at the place and on the date above stated be not required, due notice to that effect will be given you. The rules of practice adopted by the Commission with respect to answers or failure to appear or answer (Rule IX) provide as follows:

In case of desire to contest the proceeding the respondent shall, within twenty (20) days from the service of the complaint, file with the Commission an answer to the complaint. Such answer shall contain a concise statement of the facts which constitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.

If respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true.

Contemporaneously with the filing of such answer the respondent may give notice in writing that he desires to be heard on the question as to whether the admitted facts constitute the violation of law charged in the complaint. Pursuant to such notice, the respondent may

à

file a brief, directed solely to that question, in accordance with Rule XXIII.

In witness whereof, the Federal Trade Commission has caused this, its complaint, to be signed by its Secretary, and its official seal to be hereto affixed, at Washington, D. C., this 28th day of May, A. D. 1943.
